June 16, 2020

Rationale: The webinars are part of WP4 „Knowledge Exchange and Capacity Building” aiming at stirring the interaction and mutual learning between the OIP regions, in order to facilitate the learning process and to accompany the elaboration process of business models/strategies and roadmaps ensuring a unitary approach. Hence, the first webinar should be dedicated to better a mutual understanding of the current situation and plans in each OIP Region. Important input into the discussion will be brought via the results of WP 2. Participants: project partners, experts and beneficiaries from the OIP regions.
